## Canoe Rack Application

The assignment of canoe racks for the season will take place no later than Memorial Day weekend. All Mallards' Landing Association rules, as well as the attached "Docks and Moorings - Rules and Regulations apply.

All members wishing to use the canoe racks must sign up and request one at the time of sending in your annual dues. The fee is \$15.00 for each canoe, dinghy or kayak. We have locations on the North (near boat ramp) and South side of the beach. Please state if you have a preference and we will try our very best to accommodate you. If we receive more requests than spots available we will have a wait list to fill spaces. If there are additional spaces available, we will also have a seasonal lottery for those spaces or until such time as a member without a spot request one.

Multiple items may be stored on the same space provided they are stored in a safe and secure manor and do not interfere with adjacent sites.

**The racks are for storage of watercraft used to get to moorings and for pleasure during the season. They are not for permanent storage and must be removed from racks at the end of the season. Thank you!**

I currently have a canoe rack space \_\_\_\_ please put me on the waitlist \_\_\_\_

**Do not send money if on the waitlist**

Please submit this application with check in the amount of \$25.00 by April 15<sup>th</sup> to:

Mallards' Landing Association
