

These are pictures of our 2018 Joe Mastrullo Jr / Mallards Landing Memorial Scholarship Award winner taken at the Laconia Country Club on May 10th at the LRCC 2018 Awards Banquet

Our 2018 Spring Scholarship Award Recipient was Coleman Mason

Coleman is from Sanbornton, NH and has just completed his freshman year at LRCC, enrolled in the Electrical Installation and Maintenance (2 year program). Coleman has set his long term goal to own and operate his own Electrical Installation and Maintenance business providing services, and using local suppliers to help with job opportunities and the economies of our local business and communities. Coleman has his own apartment, holds 3 jobs that rotate around his school schedule and he commutes 40 min to class each day. He is highly praised by his Academic and Electrical Lab professors and instructors for his attendance, hard work, attention to details, completion of all assignments and projects and for his willingness to help others in his classes. In addition to Coleman receiving our 2018 Spring Scholarship Award in the amount of \$620, Coleman was also chosen as a Freshman (unusual), to receive the 2018 Presidents Award for Excellence for all of his achievements and excellence demonstrated in 2018.

It was a pleasure for Pidge & I to meet Coleman and his family at the Awards Night dinner and to hear his and their gratitude for selecting Coleman as our Scholarship Award selection. I have invited Coleman to come to Mallards Landing to meet you, the members before the start of our upcoming July 7th Annual Meeting. I think it is important for you to see where your donations and continued support go and what it means to the recipients like Coleman as well as how it helps LRCC.

Please feel free to email me at jam31655@metrocast.net with any questions or comments...

Regards,
Joe Mastrullo
